Q & A

What is your favorite thing about Richmond?

There are outdoor opportunities everywhere, all year round! Hiking, biking, kayaking, tubing, festivals, breweries, sports, you name it we have it.

And the food! Wow! We have an exploding food scene that can keep you busy trying new places and wonderful experiences.

What initially drew you to real estate?

We are passionate about helping people. We did the corporate thing for most of our early careers. Now, we have the pleasure of assisting good people to make smart home buying and selling decisions every day. This is what we're meant to do!

What is your mission statement?

To deliver an experience and service to our clients that exceed expectations before, during, and after the sale. When we represent you, you become part of our family.

How do you give back to the community?

We are animal lovers. You are likely to meet our Goldendoodle, Dylan, as she works and rides with us a lot! We are weekly volunteers with the Richmond Animal League. You will find us & Dylan at many of their sponsored events.
