Q & A

What did you learn from working in your family business?

People are the most important part of any business. They determine your level of success and are what make business fun. It's important to surround yourself with good people. I've been fortunate in my life to have been associated with many wonderful people.

What do you love about Richmond?

It's home. I love our history, culture, and proximity to so many cool things. Richmond is recognized as a great place to live and raise a family.

Why are you in real estate?

I have a passion for homes! I've worked in real estate in some capacity my whole career and have come to the conclusion that the most important things in life happen within your walls of your home. I love that!

How are you involved in the community?

I grew up in a home where our family motto was, where much is given, much is expected. I've been given a lot and try to give back to several local non-profit organizations.
