Q & A

What is your favorite thing about our community?

45 years ago I would have said I was drawn to the Northern Neck because of the Chesapeake Bay and its beautiful creeks, but I also love it because of its people. The locals who have been watermen and farmers have such wonderful stories to tell; yet, so many people have moved from other places and come to appreciate what we have to offer and they have their own stories and experiences.

What initially drew you to real estate?

It seemed to me to be a natural transition after being in the mortgage business and relating with realtors for so many years.

How does your background bring a unique perspective to your work?

The 36 years that I spent in the mortgage business allows me an opportunity to have experienced many more real estate closings than the average realtor and to be creative when and if necessary with financing contingencies, both on the buyer and seller's side.

How do you give back to the community?

- Organized and participated in Relay for Life teams for the American Cancer Society
- Participated for many years in March of Dimes walks
- Participated for many years in Multiple Sclerosis walks
- Was a member of the Just Gardens Committee for 7 years which contributes to The Haven. In addition to serving on the committee, I opened my personal garden for 2 years.
